

November 25th, 2016

Dear Parents, Grandparents, Caregivers, Students & Friends of CES,

CES is currently running a Beef Jerky Fundraiser with a local company, Cowboy Caviar (Drake Meats) and we have had some great success at our student led interviews, flyers home and at the college this week! Thank you for buying and promoting so supportively already!

Now, we have the opportunity to present a table at next week's Christmas Craft Fair to help sell several more boxes and as we all know "many hands make light work". ☺
So if you could sign up for one, or two, two-hour shifts with your child or a friend to

help raise funds for your school it would be greatly appreciated. A few of the current projects we are currently saving up for are a new scoreboard for the gym, arts funding for the band and choir program and a screen for the auditorium for assemblies.

Plus you get to check out all the wonderful vendors that will be set up for the weekend performances!

Please see below for the available time slots and respond to Wyndi Breti wyndip@hotmail.com (who has graciously offered to organize this for us) if you are able to fill one. Any other questions please contact Wyndi, the CES office or Sandra Catterick.

Thank you in advance for considering helping out your local elementary school in this way!
