New Programs

- [Automotive Painter](#) - Do you like working on cars? Do you want to get into the workforce quickly? Saskatchewan Polytechnic's Automotive Painter program could be a great fit for you. The program prepares you to work in auto body shops, auto dealerships, and the manufacturing sector. The job involves a lot of movement and an eye for detail and color. The ability to organize multiple tasks will make you a valuable asset in the workplace.
- [Bachelor of Construction Management](#) - The Bachelor of Construction Management (BCM) degree program is unique in Saskatchewan offering students the opportunity to earn an after-diploma baccalaureate degree with an additional two years of study. The program was developed in response to industry need and global trends for trained professionals in the construction industry. The BCM program combines practical multi-faceted skills with theoretical knowledge and technical training, truly a practitioner's degree. The degree program will start in September 2018.
- [Business Accountancy](#) - This post-graduate certificate program is designed to help students prepare for the Chartered Professional Accountants (CPA) designation. The program was developed from the CPA competency map that provides graduates with the opportunity to fill current and ongoing demand for accountants.
- [Community Paramedic](#) - The Community Paramedic advanced certificate program will enhance your training as a primary care or advanced care paramedic to focus on prevention, client education, geriatrics, palliative care, mental health and addictions, and chronic disease management. It builds on the on-site response expertise you have already obtained so you can apply it to caring for patients in their homes and community.
- [Emergency Communications](#) - Emergency Communications professionals are dispatchers who operate radios and other telecommunication equipment to dispatch emergency vehicles and co-ordinate the activities of drivers and other personnel. This includes 911 personnel, secondary emergency agencies such as fire, police and ambulance and employer emergency call centers. It can also include working in non-emergency situations such as taxi dispatchers and others.
- [Library Clerk](#) - Library clerks work directly with library technicians, librarians, and library users. They may be responsible for the circulation of library materials, sorting and shelving library materials, clerical functions, and providing general library information to users.

Admissions Changes

- [Dental Hygiene Advanced Diploma](#) was updated last fall to go from a 2 year diploma to a 3 year advanced diploma.
