- The superintendent of school operations, Darran Teneycke, joined us to give us a presentation about the new report card formats and the changes that have been made. Prior to now the report cards were used to sort and rank students with a number, now they reflect what they know and what they do with it.

School Community Council

- Some of the main values of outcome based reporting is that the outcomes are assessed individually.
- The outcomes separate academic achievements and learning behaviors.
- There is room for students to provide evidence that they exceed the outcome target.

School Yard Stencils:

- Thank you from the teachers for the school yard stencils that were purchased they are working out great.

School Thank You Cards:

- SCC distributed thank you cards to the students to fill out for anyone they wanted. It was a big hit. Mr Gallagher read out a few samples of cards received to the SCC.
