English Program

Total Requirements $\mathbf{=} \mathbf{2 4}$ credits

What Math can I use?
Math Workplace/Apprenticeship 10 Math Workplace/Apprenticeship 20 Math 10 Foundations/Pre-Calculus Math 10 Foundations/Pre-Calculus
Math Foundations 20 (Pre-requiste Math $10 \mathrm{~F} / \mathrm{PC}$ ) Math Pre-Calculus 20 (Pre-requisite Math $10 \mathrm{~F} / \mathrm{PC}$ )

What Sciences can I pick from?
Science 10 is pre-requiste)
Environmental Science 20
Health Science
Health Science 20
Physical Science 20
What are the Social Sciences I can use? History 20 (History 10 or Native St. 10 pre-requisite) Psychology 20
Psychology 30
Psycholog
Law 30
Geography 30

What are the PAA/FA courses I can use?
These count at any grade level.
Accounting ( 10 is a pre-requisite for $20 / 30$ )
Band

- CAD (CAD 10 Pre-requisite)
- Career Work Experience
- Choral
- Communication Media

Construction/Carpentry (Gr 10 construction pre
requiste)

- Clothing

Dance

- Drama
- Electrical

Financial Literacy

- Foods
- Guitar
- Jazz Band
- Life Transitions
- Photography
- Robotics

Theatre Arts (need to have taken a construction class)
Visual Arts
Vocal Jazz

What are Open Electives?
Any other classes not listed as requirements at any level.

## What does Post-Sec. Mean?

Post-Secondary Education (tech school, college, university)

## Other Electives (NOT PAA/FA credits)

- Creative Writing
- Forensic Science
- French (All of the languages have pre-requistes $10,20,30$
- German
- Spanish
- Gender/Sexual Diversity
- Leadership

All Math 30 courses (Warkplace, Foundations, PreC.Cat, Cakulus)

- Mental Health Studies
- Musical Theatre
- Personal Fitness

All Science 30 courses (Biolog, Chemistry, Physiss)

## Every single course taken in a

Saskatchewan High School is worth ONE credit. 24 needed to graduate.

## Grade Ten

## Grade Eleven

## Grade Twelve

English 10AEnglish 10BMust take both math unless recommended by gr. 9 teacher to do otherwise:

## Math 10 Work/Apprenticeship

Math 10 Foundation/Pre-CalculusScienceHistory 10 OR Native Studies 10 OR both$\qquad$

## Wellness

Grade 10's are not allowed any spares.
*You must have approval to take modified classes. These are not accepted for most post-secondary options

## Choose one or more Math:

Math 20 Workplace/Apprentice
Math 20 Foundations
_ Math 20 Pre-Calculus
Choose one or more in either Grade 11 or 12:
__ Psychology 20
Psychology 30
-_ Geography 30
_ History 20 (highly recommended for HST 30)

Choose one or more:Environmental Science 20 (pre-requ for Bio 30)Health Science 20 (pre-requ for Bio 30)
Physical Science 20 (recommend $75 \%$ + in Science 10, and Math 20 F or higher as pre-requisites)
$\qquad$ Computer Science 20 (pre-requ for CS 30)

English 30AEnglish 30B or University ENG 100Francais 30 (French Immersion Students also require one of the above English)
History 30, Native St. 30, Sciences Social or University Indigenous St. 100
*Math and Science are not required at the 30 level to graduate in Sask. but are required for most Post-Secondary programs.

Must choose two other courses (any) at the grade 12 level.

Choose one or more in either Grade 11 or 12:

$$
\text { __ Psychology } 20
$$

_ Psychology 30
Geography 30
History 20
Law 30 (recommended for Gr. 12)
*You need a Wellness or a Phys.Ed credit (any grade) to graduate.

## French Immersion Students

To obtain a Bilingual Diploma you require 12 French courses.

## COMPULSORY SUBJECTS

Make sure you have all of the compulsory subjects up to the end of Gr. 11

- Must choose two English 30 (One for French Immersion) and one History/Social/Nat. St. 30 credit Must have two other electives at the Gr. 12 level
- Make sure you have a social science, 2 PAA/Fine Arts credits, 1 Wellness/Phys.Ed credit.
- Do not need math and science in Gr. 12 to graduate but will need it for PostSecondary

## Other ways to get credits

- English 100 (University Class) online will get you English 30 B AND a University course done.
- Indigenous Studies online will get you Native Studies 30 AND a university course done. You can do this in semester one of Gr. 12. All other uni courses would be semester 2.
- Commerce 101 or Business 100 online will get you Business 30 and a course for a University Business Program done.
- Saskpoly has many dual credits that you can take and get high school credits for (posted at Student Services on bulletin board)
- Universities offer other classes you can take to get ahead

## - Can almost complete ONE SEMESTER OF UNI in high school!

- Take two AP courses and pass them at the uni standard (Score 4 or higher)
- Take English 100 that is needed for almost every course out there
- Take one other uni class in opposite semester of Eng.
- This gives you 4 classes and a full semester at uni is 5
- Reminder: you do have to pay the tuition
- National Life Guard certificate earns you a high school credit
- Apprenticeship credits - work for someone over the summer that is a journeyman in that trade and earn credits. This must be set up with the school before you do the work.
- Royal Conservatory of Music will give you high school credits as well
- Military will give you a credit.

## - For Grade 11's Continued:

## What you need to know for the beginning of Grade 12

- The very first week of September, apply to Saskpolytech: do your research over the summer and be ready to apply as most programs take one year to get in. This should get you in for the following Sept.
Start applying to your post-secondary institutions in October and be done by December 1. There is no advantage to applying earlier than that. Many out of province schools have different deadlines, you will have to check them.
- Do LOTS of career testing from now until September so that you know what area of work, training, or schooling you should be looking at in the future.
- Complete the chart on your blue handout that was given at your career testing session by Sept.

## Grade 11's continued

## REMINDER

- Your grade 11 marks are VERY important. When you apply early, these are the marks the post-secondary institutions look at and decide on whether they will give you entrance money or not. They can't take \$\$ away if the marks drop a bit

## MATH

- Grade 10 (Required - both unless recommended differently)
- Math Workplace and Apprenticeship 10
- Math Foundations and Pre-Calculus
- Grade 11 (Required - One)
- Math Workplace and Apprenticeship 20
- Math Foundations 20
- Math Pre-Calculus 20
- Grade 12 (Electives - Not required for graduation)
- Math Workplace and Apprenticeship 30
- Math Foundations 30
- Math Pre-Calculus 30
- Calculus or AP Calculus
*You must have the pre-requisite for each math course

## Math and Science Plan

## (Yellow: All Sciences, Math, and AP) Green: All Sciences and Math)

| Grade 10 |  | Grade 11 |  | Grade 12 |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Semester One | Semester Two | Semester One | Semester Two | Semester One | Semester Two |
| Math 10 F/P | *Math $20 \mathrm{~F} \rightarrow$ | Physical Sci 20 <br> Math 20 PC | Chemistry 30 <br> ( See Pre-requisites) | AP Biology | AP Biology |
| Science 10 <br> (need 75\% + to take |  | (Require $85 \%$ in both Math20PC |  | AP Calculus | AP Calculus |
| Physical Science in Gr. 11) | Health Science 20 OR Environmental Science 20 <br> (Require $85 \%$ to | and Phys. Sci 20 to take Chem 30 in Gr. 11) | Math 30 PC | Calculus <br> Chemistry | Physics 30 |
|  | go $\rightarrow$ into AP Bio without taking Reg. Bio 30) | Biology 30 (for those not | Physical Science <br> 20 <br> (to take Chem or |  |  |
|  |  |  | Physics 30 in Gr. 12) | *Reco <br> Math 30F to keep not takin | nend <br> th skills current if Calculus |

For the student that wants to complete all 3 sciences and Calculus without starting at the grade 10 level...

| Grade 10 | Grade 11 <br> Semester 1 |  | Grade 12 <br> Semester 2 | Semester 1 |
| :--- | :--- | :--- | :--- | :--- |

Students should register for these classes in each appropriate grade. The courses should be in the right semesters as well, but the computer does not generate timetables that way. Please see your school counsellor each year to make sure your classes line up as shown above.

You must take the following courses to take the Grade 12 (30 level) courses:
Science 10 is needed for all future sciences.
Health Science 20 OR Environmental Science 20 are needed for Biology 30
Physical Science 20 is needed for Chemistry 30 and Physics 30
Math Pre-Cal 30 is needed to take Calculus 30.

## AP (Advanced Placement) Courses

- AP Biology
- Taught at a more rigorous rate
- Goes all year
- Takes 2 spots on your timetable but is finished first week of May
- If you pass, you receive a Biology 30 credit at the end of Semester One. If you pass the AP exam in May, you end up getting a University course done as well. (make sure the school you choose accepts AP - most do.)
- AP Calculus
- Also takes 2 spots on your timetable
- Semester One ends with a Calculus 30 Credit.
- In May, you write the AP exam.

- If you pass the exam with a 4 or a 5 , it will count as a University math course completed.
- AP courses do not show up on your transcript.
- AP Art
- Counts as Art 30 \& a University cour

## You can complete almost one full semester of University in High School!

- Pass AP Bio Exam with a 4 or above
- Pass AP Calculus Exam with a 4 or above
- Pass AP Art with a 4 or above
- Take English 100 in $2^{\text {nd }}$ Semester (Gets you English 30B)
- Take Indigenous Studies 100 in $1^{\text {st }}$ Semester (gets you Native St. 30)
- Business 100 (sometimes offered in summer before GR. 12) gets you Entrepreneurship 30
- Take Commerce 101 if going into Business (gets you Business 30)

All the above courses earn you a credit on your high school transcript as well as a university course completed.

## Dual Credits!

## ELECTIVES

- Choose wisely!
- Take some fun classes!
- Take a class to challenge yourself!
- Try things you can't learn anywhere else!
- Languages: You are entering the Global Economy!
- In Grade 12, math and sciences are electives!

## Languages - French -German

- We live in a global economy. You may travel for your job or for leisure.

## Other Credits and Online Courses

- Outside courses from Riverview and Peacock
- We cannot guarantee these courses
- You can sign up for these and if there is room, they will allow you to take it
- You are responsible for getting there on time and ret
- Online Courses
- New way of learning independently
- Must fit into your timetable during one class period

- More on PrairieSouth.ca - Students - Virtual School - About - Courses
*Must sign up for these on the ORANGE sheet for all of the above outside courses!

## Outside Courses and Online Courses

YOU MUST SIGN UP FOR THESE ON THE ORANGE SHEET BEFORE YOU LEAVE DURING COMPUTER REGISTRATIONII<br>(we will be coming to register you during the week of February 13-17

Requesting Courses outside of Central
Name Course Grade school

## How Many Classes Do I need?

- In the province of Saskatchewan, you must complete $\underline{\mathbf{2 4}}$ credits to graduate.
- There are 10 spots on your timetable to fill.
- Grade 10's: No spares allowed
- Grade 11's: One or two spares if needed but do not recommend more
- Grade 12's: Try to take enough courses so that you are around the school during your Gr. 12 year, even if they are just fun classes. It's better to feel connected to your school in your graduating year!
- Online classes count as one of your spots!
- Advanced Placement (AP) Courses: Take two spots and need to be planned for early. You must be sure that you want to take an AP course as we only run the classes if enough students have signed up. These courses will give you a 30 level credit in that subject and if you pass the AP exam in May, you will have completed a University course as well (most universities accept them but always check). AP Art only takes one spot but you work on it all year.

## Relevance Magazines

- Awesome magazine!!!
- Filled with write ups on different jobs, careers, and programs
- Activities
- Take advantage of having this magazine to find things that will help you make the right decision about the cane you should take.
- https://contact360.ca/relevance/
- There are also some hard copies in Student Services

# PLEASE HAND OUT REGISTRATION FORMS NOW 

## What do I do next?

- Take home your Orange or Pink registration package and go through the Relevance Magazine with parents
- PLEASE use the Registration Help Sheet to pick your courses!
- Go over the courses with your parents/guardians
- Bring it back ASAP
- (Monday, Feb. 13)

Please do not try to register over the computer on your own. WE must approve all course selections.

- Relevance Magazine. Web Version:

## https://contact360.ca/relevance/

- Use myBlueprint as a resource if needed as well as post secondary sites if you are unsure what you need for your post-secondary goals http://www.myblueprint.ca/prairiesouth
- Post-Secondary Requirements:
- https://tinyurl.com/y76dcef3
- Do your Career Testing!!! There are tons of free career tests online as well as MyBlueprint. The more you do, the better to see where your path may lead you!!

## -QUESTIONS?

- Use the resources on previous screen
- Check with your school counsellor (they know almost everything ())
- DO NOT think that your friends know everything about the right prerequisites and requirements! ()

Thank you!
