February 7, 2022

Funding Saskatchewan's best and brightest.

As a 100% Saskatchewan-owned, not-for-profit co-operative, Access Communications is committed to giving back to our communities. We believe that making the world a better place starts with supporting our future leaders and community champions.

The Access Communications Doug Alexander Scholarship Program awards $1,000 to 20 high school graduates from across Saskatchewan every year. Our scholarship recipients don't just exhibit academic excellence – they demonstrate a genuine passion for volunteerism, giving their time to improve their communities.

If you know a student with a record of volunteerism, participation in extra-curricular school activities, leadership skills, and academic achievement, please encourage them to apply for our scholarship program. We have included a program poster with this letter to hang in your school or distribute to graduating students.

Our application form, which includes full details and eligibility criteria, is available at **myaccess.ca/scholarships**. The submission deadline is **Thursday, April 14, 2022**.

If you have questions about the program, please contact **Beth Drozda at 1-866-211-6334, ext. 5343**. You can also email us at **scholarship@myaccess.coop**.

Thank you for continuing to make a difference in the lives of your students. We look forward to hearing from you.

Sincerely,

Access Communications Co-operative

Established in 2005

Over $380,000 awarded

Support for 1,400 students

"If everyone did their part, the world would be a better place."
- Doug Alexander
