

Guest Rider Program

Please send completed form to transportation@prairiesouth.ca.

The Guest Rider Program allows Prairie South’s Transportation Department to be accessible to families during special events and to provide families with alternate travel arrangements during emergencies. The purpose of the Guest Rider Program is to help accommodate families and build good community relations. It should never be used to circumvent board policy or transportation procedures.

A guest rider is a Prairie South student who can benefit from catching the bus on one of our existing routes to or from an already existing stop.

The guest rider approval process must include all involved parties: both families, the school principal, and the bus driver through the transportation department office staff.

Date of Request *(please allow at least 24 hr notice)*

Date Required
