Re: K-12 School Supply Lists 2026-2027

Dear Coronach School Families,

Poplar River Pharmacy & Coronach School Partnership Online Ordering Information for School Supplies

Poplar River Pharmacy and Coronach School are again partnering to make your school shopping experience as simple as can be!

By **Tuesday, August 04, 2026**, you will be able to find the updated grade specific school supply packages available on our online store.

<http://www.poplar-river-pharmacy.myshopify.com>

All you need to do is look for the “school supply” heading and search by the grade you need. Add the package to your cart, pay, and we will look after the rest!

Please note that in addition to the school supply lists, **backpacks**, **gym clothes**, and **indoor shoes** will need to be supplied from home. Also, Poplar River Pharmacy will not be offering **water bottles** so that will be an item families need to purchase separately.

If you don't need the full list of supplies, items will be listed individually for you to add to your cart online and we will be happy to gather those for you as well.

Have a great summer and we look forward to helping you with your back-to-school shopping experience!
