Bus Cancellations/Snow Days

When busses are cancelled by the division or if drivers decide not to operate based on weather and road conditions in their area, bus drivers will let families know when they aren't running, and it is posted on the the Prairie South School Division website under the Transportation tab. **Busses that cancel their morning run will reassess driving conditions and let families know if they will make their afternoon run.** Please also ensure your children always have proper winter wear on the bus.

Even though bussing may be cancelled due to winter weather conditions, the school will always remain open. Although it is always up to the parents whether or not to being their child to school when busses don't run, there will always be staff present for those children who do make it to school. If you decide to keep your children home, please call or email the office to let us know not to expect them and to ensure their safety when being dropped off in inclement weather.
