Welcome back Hawks!

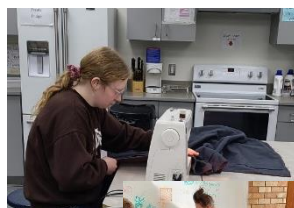

Students are looking forward to heading to the rink for curling and skating for Phys Ed this month! Assistance from parents with free time to help with skate tying is always welcome and appreciated to make the most of our ice time for younger grades! Just let your teacher know you can help out 😊.

Family Literacy week is this month, stay tuned for upcoming family activities and challenges we have in store! We will be holding another Parent Literacy night January 25th offering hands-on resources to support your child's reading, in both French Immersion and English programming so save the date!

High school students will be preparing for semester one final exams at the end of the month, please watch for the exam schedule. Until then, the PAA students are staying cozy completing their quilting projects!
