**Class of
2021**

The theme for the Lafleche Central School graduation class of 2021 is "You are your only limit." We love their theme because this class had so many "limits" placed on them during this past year and a half. Their theme strenghtens their resolve to not place limits on themselves! The entire school community is so proud of our eight graduates. We would like to thank each of them for all they have brought to LCS during their time here...so many unforgettable memories! We congratulate each of them on their high school graduation and we wish them all the very best as they journey into a new and exciting chapter of their lives!

To our LCS Grads - the world is ready for you!
