"Grow To Be The Best You Can Be"

Principal's Message – Mrs. Karla Silbernagel

Semester 1 is in the books and we have had a very busy start to Semester 2! Exam week finished and some high school students have started their new classes, some of which are online classes. Many classes remain the same with only minor changes to the schedule. Please give the school a call if you want any clarification regarding the classes your child(ren) is/are taking. Report cards for high school students were sent out on Wednesday, so please let the school know if you are unable to access those. Marks can be accessed at any time on MSS and we encourage parents to check in regularly to monitor the progress of their child.

I want to thank the SCC for organizing snacks for the students during exam week (which also managed to feed the whole school). It was a wonderful treat for them as they spent a couple of hours in a desk writing final exams. Particularly, I want to thank Cathie MacDonald for making those treats and donating them to the school. Students were treated to warm cinnamon buns and a variety of muffins to get them through their morning. They were delicious!

Also, during exam week, we celebrated Literacy Day by inviting parents of K-5 in to a Book'nic. Parents/grandparents brought snacks and blankets and camped out in the gym and read to their children. What a great way to promote literacy and reading! Thank you to Mrs. Sayers for making the invitations and to the elementary staff for running the event and to all the parents who came in to read.

Our senior curlers are off to Glentworth this week to participate in section playoffs. We look forward to competing against some of the local teams. If our students make it to the top two, they will participate in Districts in Gravelbourg the following weekend. I wish them the best of luck as they compete for the gold medal.

February, we are kicking off the mental health strategy of humour! So we will try everyday to get some laughs in this month. If you have any good, clean jokes to share with the students, send them our way. Laughter is a great way to improve mood, stimulate our internal organs and get the blood flowing. There are so many health benefits, both long term and short term, for having a good laugh.

If you visit our school, you may notice a new look to our entryway. We have installed some carpet tiles in our entryway and I think they look pretty spiffy. Thank you to Prairie South for helping us make our schools safe and look attractive!

**Please make sure to keep
contact information up to date.**

**Let the school know if there are
any changes at any time!**

**Please limit disruptions to learning
by calling your child
at recess or noon hour.
Please refer to bell times listed on school
calendar.**

**Be sure to send your children to school with proper clothing for the winter weather.
Coats, boots, ski pants, toques, mitts (maybe 2 pair for the wet days!)**
