Dear Parents and/or Guardians,

Here are some ideas for continuing practice of the French language at home. At your local library, inquire about audio French books or child-friendly television/movies that your child can listen to. It is great practice to read French books of the English books that you know and love!

French iPad apps (although not limited to):

- Saisons!
- Langage!
- Lettres!
- JeuxPourLire
- Jeux de Mots
- ABC Rigolo
- Français ABC
- Apprendre à lire
- Fun French
- Bidule
- Lire-tôt
- BientôtJeLis

French Websites:

- http://www.lasouris-web.org/prescolaire/prescolaire_lecture.html - various reading and comprehension activities
- <http://asp.tumblebooks.com/home.aspx> - choose the French language and you can read various genres of French books! “Livres pour les enfants” allows the students listen to the story as it is read! This is a great tool for students learning how to pronounce words!
