

What Does Peacock have for YOU?

At Peacock, it is our goal to help students transition from grade 8 to high school. Our students, staff, and parents work together to meet the educational, personal, and social needs of students in a caring and quality learning environment. In short, we focus on *Excelling Together*.

Grade 9 Courses

Compulsory Subjects (all students must take the following):

Career Guidance 90
Mathematics 90

English 90
Science 90
Physical Education 90

Health 90
Social Studies 90

Students in grade 9 will be with their family teachers all morning in their core subject areas. In the afternoons, they will travel to their elective classes. Here is a sample timetable to show how the term classes are set up with the wide variety of elective classes that are offered to our students. In the second semester, they will continue with their family teachers in ELA and Math, however, they will take Social/Science. They will also have a new set of electives in the afternoon. There are so many options for everyone!

What is new for 2021-2022?

We are starting a new and innovative program in aviation studies. Students can begin in grade 9 and be a part of a unique experience of learning about aviation industry, piloting, and even help us as we build a flying WW1 replica aircraft over the next three years!

Peacock Collegiate offers an entire fine arts flavoured graduation track for students who love fine arts. Be a part of the Peacock Arts Collective....creativity stARTS here!

A.E. PEACOCK COLLEGIATE ADVANTAGE

Join, lead, learn and succeed! Belongingness, involvement, and boundless opportunities make A.E. Peacock Collegiate the dynamic comprehensive collegiate that it is. Located in the heart of Moose Jaw, Peacock possesses a positive, caring atmosphere that allows students to achieve their very best. Responsive to changing needs, our school offers fresh, innovative programming in academics, technology, athletics, fine arts, and the skilled trades. Our new advisory program works to further connect students to staff in a small group setting to achieve student goals. Consequently, our students attain valuable post-secondary experiences, find employment in industry, and become contributing citizens and leaders in their communities. We also strive to offer a diversity of extracurricular programs to appeal to all interests. In short, Peacock Collegiate truly has something for everyone!

DIVERSE COMMUNITY

A.E. Peacock's strength is our collective diversity. We welcome all types of learners and are proud that our students represent more than 20 different nations from around the world. Those students who require adaptations, modification, second language support or hands-on opportunities are supported by a knowledgeable and experienced staff. We believe in strong school and home partnerships including an active school community council and many parent volunteers. At Peacock, we strive to create a positive school environment that empowers our students personally, socially and academically.

#WHYPEACOCK

A. E. Peacock Collegiate is Moose Jaw's only comprehensive high school. We have developed programs and courses to meet the needs of a wide cross section of student interests including pre-university or college academics, business, home economics, industrial arts, technologies, vocal training, and physical education. Each of these areas offer a variety of classes rivaled by few high schools in Saskatchewan. Although we first opened our doors to students in 1931, we continually strive to provide a high quality, diverse, and relevant education for Moose Jaw and area students.

At Peacock, we believe:

- *We will show respect for ourselves, each other, and our environment
- *We will accept the responsibility to be actively involved and committed to developing a positive and meaningful educational environment.
- *We will take pride in ourselves, our work, and celebrate our successes.
- *We will become lifelong learners capable of adapting to the ever-changing needs of society.
- *We will endeavor to have all students learn to the maximum of their potential as they develop a sense of purpose and commitment in their lives.
- *We believe all students are in control of the following: their attitude; their actions; their responses

GRADE 9 FAMILY PROGRAM

Our family motto is "Education Through Teamwork". Students are grouped with specialized middle year's teachers to help lead them through the transition to high school. This family atmosphere provides students with a small, safe environment in which they can build close relationships with teachers and other students. As an integral part of the team, parents are kept in close contact with to ensure a positive experience for students.

The core classes of English language arts, math, social studies, and science are taught in the morning while a wide range of electives are offered in the afternoon. Teachers will adapt, as necessary, to help students achieve success in their course work. All family teachers are available for extra help and students are encouraged to take advantage of this. Our family program has provided a successful foundation for Peacock students for over 30 years.
